## EMS RETIREMENT PLAN - NEXT STEPS

The biggest obstacle that we face right now is the low number of EMS association members in relation to the total number of EMS professionals in Georgia. Only members of the Georgia EMS Association will be eligible for the EMS Retirement Fund, which is why we are extending this free membership offer to you. In order to

begin creating the framework for the financing of the fund, the membership level needs to increase significantly. Increasing membership in the association is the first step in achieving the goal of creating an EMS Retirement for Georgia. Spread the word about this free offer and sign up today! ■
